COVID-19 : VISITOR GUIDELINE AND HOW WE ARE KEEPING YOU SAFE

We take the following measures in accordance with the Tokyo Metropolitan Government Infection Prevention Guidelines.

The reservation time is adjusted so that it does not overlap with other guests.

Before and after the treatment, we disinfect the common furniture including the bed, ventilate the treatment room, waiting room, and toilet.

Towels and paper sheets for the pillow are changed for each treatment.

The practitioner always wears a mask.

Visitor Guideline

Please check the temperature and if it is not your normal temperature, contact us before visiting.

Please wear a mask during your visit.

Please disinfect your hands at the entrance.
